PROFILE

As a recent B.Tech graduate, I've gained valuable experience through internships that have equipped me with practical skills in programming languages. During a 3-month internship at Vestrics Solutions, I focused on developing an Enspire application using HTML, CSS, and Python. Additionally, I undertook mini projects during my college years on AI.

SKILLS

- Python
- HTML & CSS
- Java Script (Basics)
- C-language
- SQL

EXPERIENCE

ENSPIRE APPLICATION DEVELOPMENT, 01/2024 - 04/2024

Vestrics Solutions

- Assisted in developing and designing the Application using various programming languages such as HTML & CSS, Python, SQL and JavaScript.
- Worked closely with senior developers and team members to understand the project and also improved my programming languages.

FACE DETECTION USING ARTIFICIAL INTELLIGENCE, 05/2022 - 06/2022

Skill Dzure

- Done a mini Project by using AI tools
- Understanding and Observing the process of face Detection

EDUCATION

Bapatla Engineering College, 04/2024

Bachelor of Technology: Electronics and Communication Engineering

CERTIFICATIONS

- Enspire Application Development
- Gen-AI workshop
- Data Science fundamentals
